The NERC Compliance and Certification Committee’s Supply Chain Task Force (SCTF) has collaborated with the ERO Enterprise to address potential concerns with industry readiness for the enforcement of the CIP-013 Standards, Supply Chain Risk Management, and as an outreach opportunity to ensure industry remains informed and to support industry readiness. The NERC SCTF and the ERO Enterprise have been updating the Supply Chain Frequently Asked Questions for industry awareness and clarification of expectations. In addition, the SCTF has established a temporary email for submission of industry questions or requests where additional clarification is desired. The SCTF and the ERO Enterprise will be holding an informal webinar to discuss these items.
